TEMPLATE FOR PROGRAMME SPECIFICATION

HIGHER EDUCATION PERFORMANCE REVIEW: PROGRAMME REVIEW

PROGRAMME SPECIFICATION

This Program Specification provides a concise summary of the main features of the program and the learning outcomes that a typical student might reasonably be expected to achieve and demonstrate if he/she takes full advantage of the learning opportunities that are provided. It is supported by a specification for each course that contributes to the program.

| 1. Teaching Institution | College of Business Economics |
|-----------------------------------|--|
| 2. University Department/Centre | College of Business Economics |
| 3. Program Title | College of Business Economics |
| 4. Title of Final Award | |
| 5. Modes of Attendance offered | muqararat (8 kursat) |
| 6. Accreditation | nizam daman aljawdat albiritanii (QAA) |
| 7. Other external influences | alqabul almarkaziu |
| 8. Date of production/revision of | 1/9/2022 |
| this specification | |

9. Aims of the Program

- A Simulating advanced educational systems in banking and financial sciences by expanding the use of modern technologies and scientific and practical applications of economic, financial, banking, administrative, accounting and statistical sciences.
- B Keeping pace with the disciplines related to economic, financial, banking, administrative, accounting and statistical sciences, in order to contribute to the acquisition of knowledge, meet the needs of the labor market and compete with graduates from other universities.
- C To prepare students to understand and solve financial, banking, administrative, accounting and statistical problems, and to enhance self-confidence, love of knowledge and scientific research.

10. Learning Outcomes, Teaching, Learning and Assessment Methods

- A. Cognitive goals A1. A1- Giving the student a background of knowledge of financial and banking concepts and making the student innovate and solve any problem in front of him in the future.
- $\mathbb{A}2$. He shall have adequate experience in the work of modern banking systems and their applications.
- A3. Familiarity with developments related to banking work and the laws issued by the Central Bank through the latest developments in this field.
- A4. Familiarity with the legislation related to the investor's work, such as the commercial law and the implementation law.
- B. The skills goals special to the programme. B1. Communication and practical communication to form administrative, banking, administrative, accounting and statistical skills.
- B2. Develop banking skills and services in his field of specialization.
- B3. The ability to use the academic and scientific aspect gained and implement it in the practical field.

Teaching and Learning Methods

- 1. Lectures (electronic)
- 2. Discussion sessions in odd numbers
- 3. Gather information from various sources
- 4. Practical activity
- 5. emester exam

Assessment methods

It is a set of activities, including e-teaching, electronic exams, and other activities determined by the college, to assess the extent of achievement and achievement of the educational outcomes targeted by a program or course. Informing students of the basis for their assessment

- C. Affective and value goals
- C1. behavioral aspects
- C2. Educational aspects
- C3. Educational guidance
- C4. The ability to prepare economic feasibility studies for the proposed projects

Teaching and Learning Methods

A Lectures, electronic discussion sessions, gathering information from various sources, and practical

activity

D1. Communication and practical communication in solving problems in light of the use of modern systems in banking information systems

D2. The ability to prepare economic feasibility studies and strategic projects for banking services to enhance the competitive advantage achieved in the banking sector. D3. Develop the student's ability to use modern applications on how banking and electronic banking information systems work and use them in the banking sector and financial institutions. Teaching and Learning Methods t is a set of activities, including exams and other activities determined by the college, to assess the extent of achievement and achievement of the educational outcomes targeted by a program or course. Informing students of the basis for their assessm **Assessment Methods**
