Academic Program Specification Form For The Academic

University: AL-Nahrain University

College: college Business of economics

Number Of Departments In The College

Department Accounting and Finacial control

Date Of Form Completion :1-9-2022

professor Dr. jalelah Edan Hulaihil

Department head Name

Date: 1/9/2022

30

Dr. sahar Fathallah Mohammed Ali

Dean s Assistant For Scientific

Date: 1/9/2022

Naghan

Dean

Professor Dr. Nagham Hussein Neama

college Business of economic

Date: 1/9/2022

Lecter: Luay Nasser

The College QualityAssurance And University

Performance Manager

Date: 1/9/2022

TEMPLATE FOR PROGRAMME SPECIFICATION

HIGHER EDUCATION PERFORMANCE REVIEW: PROGRAMME REVIEW

PROGRAMME SPECIFICATION

This Program Specification provides a concise summary of the main features of the program and the learning outcomes that a typical student might reasonably be expected to achieve and demonstrate if he/she takes full advantage of the learning opportunities that are provided. It is supported by a specification for each course that contributes to the program.

1. Teaching Institution	AL-Nahrain University / college Business of economics
2. University Department/Centre	Department Accounting and Finacial control
3. Program Title	Accounting and Finacial control
4. Title of Final Award	Bachelor Degree
5. Modes of Attendance offered	Courses system
6. Accreditation	National standards for accrediting faculties of administration and economics in iraq
7. Other external influences	Central Admission
8. Date of production/revision	1-9-2022
of this specification	

- 9. Aims of the Program
- A Simulating advanced educational systems in accounting and financial sciences by expanding the use of modern technologies and scientific and practical applications of accounting, financial, banking, administrative, economic and statistical sciences.
- B Keeping pace with the disciplines related to accounting, financial, banking, administrative, economic and statistical sciences, in order to contribute to the acquisition of knowledge, meet the needs of the labor market and compete with graduates in other universities.
- C- Preparing students to understand and solve accounting, financial, banking

and administrative problems, and to enhance self-confidence, love of knowledge and scientific research

- 10. Required program outcomes and methods of teaching, learning and assessment
 - A. Cognitive goals
 - A1. Giving the student a background of knowledge of accounting, financial and banking concepts and theories and making the student innovate and solve any problem in front of him in the future.

A2- The graduate shall have adequate experience on modern accounting and

administrative foundations and techniques and their applications.

- A3- Familiarity with developments related to accounting work and laws such as corporate law, issued legislation and international accounting standards during the latest developments in this specialty
- B. The skills goals special to the program..
 - B 1 Forming efficient accounting skills to carry out auditing, accounting, administrative and banking tasks.
- B2 Develop accounting and financial skills.
- B 3 The ability to use the academic and scientific aspect that he has acquired and implement it in the practical field.
- B 4 Forming a vision of accounting in all its branches (financial, cost and administrative, tax, governmental) and understanding the practical applications in various economic units.
- B 5 Encouraging students to discuss and express their opinion.

Teaching and Learning Methods

- 1. Lectures (electronic electronic videos electronic classes)
- 2. Lectures
- 3- The panel discussion
- 4- . Collect data from different sources
- 5. Simulation

Assessment methods

- 1- Written test
- 2- Practical exam
- 3- Other duties
- 4- Semester exam
- 5- Informing students of the basis for their assessment.
- C. Affective and value goals
 - C1- Behavioral aspects

(behavior evaluating)

- C2- Educational aspects
- C 3 Educational guidance

- D. General and Transferable Skills (other skills relevant to employability and personal development)
 - D1 Communication and practical communication in solving problems in light of the use of modern accounting systems.
 - D2 The ability to prepare economic feasibility studies and special strategic projects to enhance the competitive advantage achieved at the level of the private sector.
 - D3- Develop students' abilities to use modern applications on how accounting information systems and electronic banking work and use them in financial institutions and the banking sector.

Teaching and Learning Methods

- 1- Cooperative Education
- 2. Brainstorming

Assessment Methods

- 1- Assessment of individual and collective costs
- 2. Feedback
